

COMPLETION

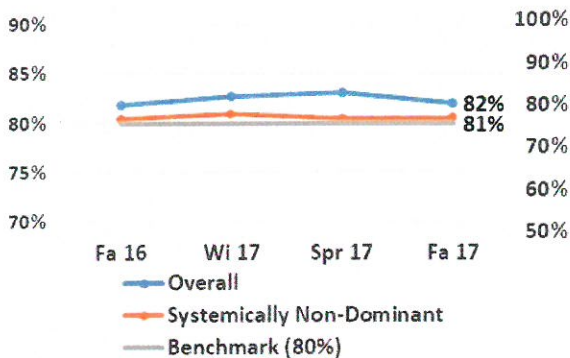

MARCH 2018

Clark College, in service to the community, guides individuals to achieve their educational and professional goals – including certificate and degree completion – by accomplishing its core theme objectives of academic excellence, social equity, economic vitality, and environmental integrity.

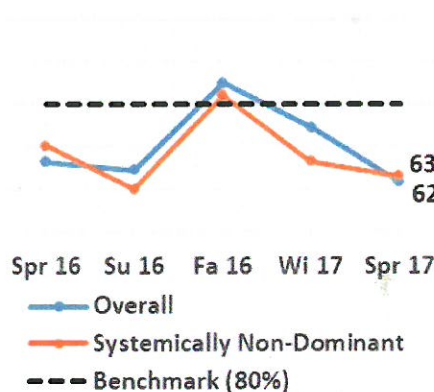

Degree or Certificate-Seeking Full-Time Student Completion Rate Within 3 Years

Course Success Rate: Certificate or Degree-Seeking Students

First-to-Second Quarter Retention: Certificate or Degree-

Transfer-Intent Students Completing College-Level Math Within First 4 Quarters

Monthly Highlights

- ◇ Next steps for developing and implementing a pathways-focused advising model, (through March): 1) Identify internal mechanisms for assigning/reassigning advisors' caseloads; 2) Solidify technology tools in use for managing caseloads and tracking students' progress; 3) Design and implement professional advisor training (incorporates career/transfer focus); 4) Coordinate summer/fall 2018 rollout in conjunction with other college-wide Guided Pathways-designed initiatives; 5) Assess and adjust as needed along the way (i.e., iterative process).
- ◇ The pilot course of Clark's proposed accelerated pre-college math sequence is underway for Winter 2018. This accelerated sequence, in tandem with co-requisite remediation, will get students to college-level math more quickly and with greater retention, leading to increased academic success and achievement of student learning outcomes.
