

Enrollment Services

360-992-2107

Our Welcome Center is your first step whether you are a new, transfer or returning student. We provide information on how to become a student at Clark College. Our services include assistance with admissions procedures, residency information, campus tours, student orientation and referral to other services and programs.

All students intending to enroll at Clark College are required to submit an application for admission and pay a non-refundable application fee at least two (2) weeks prior to the start of the term. Refer to the campus calendar for application deadline dates. Application for admission is available on the Clark College website at www.clark.edu/quickstep.

Clark College admits anyone who is eighteen (18) years of age or a graduate of an accredited high school or the equivalent. Applicants who are under the age of eighteen (18) and without a high school diploma or equivalent may be considered for admission. Refer to the [Exception to Admission](#) (Underage Policy) section for further details. Admission to the college does not guarantee admission to a specific area of study. Some programs require additional applications and are limited or competitive-entry programs. See additional information under [Health Occupations Programs](#).

The Running Start program has its own set of admission policies and procedures. Please refer to www.clark.edu/runningstart for more information.

Residency classifications for the purpose of tuition rates are determined by length of time a student has been permanently living in the state of Washington. Please refer to the [Residency Classifications](#) section for detailed information.

New Student Admission

Students with no previous college experience need to submit an admissions application, provide a non-refundable application fee, and complete the COMPASS placement test. The placement test is available on a walk-in basis and is a non-timed, computer-based test. For further information, see the Placement Testing section. New students are also required to participate in Student Orientation before they are allowed to register for classes. For more information on orientation, refer to the Student Orientation section.

Transfer Student Admission

Students transferring from other colleges are required to submit an admissions application, provide a non-refundable application fee and complete the COMPASS placement exam if math and/or English was not completed at a previous college or university. Transfer students are required to participate in orientation before they may register for classes.

If a student intends to use previously earned credits towards a program at Clark College, an official transcript of their college records must be sent to Enrollment Services at the time of application for admission. All admission materials become the property of the college and will not be returned to the student or forwarded to another institution.

Transfer credits are usually accepted by Clark College if such credits were earned at an institution accredited by a regional association recognized by the Council on Postsecondary Accreditation.

Students should refer to section B of this catalog for information about non-traditional credits and the process for transcript evaluation.

Returning Student Admission

Returning Clark College students who are returning to Clark College after an absence of four (4) or more quarters must provide an updated application for admission prior to registration.

If a student has attended another college since their last enrollment at Clark College and wants to apply those credits to a Clark College program, an official transcript needs to be sent to Enrollment Services. All admission materials become the property of the college and will not be returned to the student or forwarded to another institution.

Health Occupations Programs

The following programs are limited and/or competitive-entry and require completion of specific entrance requirements as well as submission of separate applications and application fees:

Dental Hygiene

Medical Radiography

Pharmacy Technician

Applying for Residency Reclassification

Students are granted residency classification based on the information provided on the initial admissions application. The student is responsible for submitting the appropriate application and supporting documentation to have residency reviewed for a reclassification to a new category. Applicants who are not U.S. citizens are required to submit a copy of their permanent resident card or I-94 for reclassification consideration. All residency reclassification requests and documentation

are accepted until the 30th calendar day of the quarter. The college has ten (10) business days to review a completed application before making a decision on the reclassification request. If the application is approved, adjustments to the tuition will be applied to the quarter for which the reclassification was submitted. If the application materials are incomplete or received after the 30th calendar date, the request will be reviewed for the following quarter. Residency changes are not retroactive.

Supporting documentation is defined in two categories: proof of physical presence and proof of intent to remain in the state of Washington. Students applying for reclassification will be asked to provide these documents as part of their application materials. Acceptable types of documents are listed below.

- Proof of Physical Presence (one document required, showing at least 12 months)
- Copy of mortgage closing statement for the home in which the student resides;
- Copy of a rental/lease agreement for the home in which the student resides; or

* Note that the Oregon Border Opportunity Waiver also requires proof of Oregon Border county residency in addition to the documents listed above. The Washington Non-Resident Waiver requires one piece of documentation from the list above, while the Oregon Border Waiver requires one piece of documentation from the list above from Oregon rather than from Washington. For additional details, refer to the directions on the application forms.

The forms are available online at http://www.clark.edu/enroll/admissions/admission_forms.php or by visiting the Welcome Center in Gaiser Hall room 127.

Placement Testing

360-992-2648

Placement testing is the first step toward student success. As a community college, Clark serves a very diverse population with classes ranging from adult basic education to university transfer programs. Prior to taking the placement test, students must complete an application for admission and have paid the admissions application fee. Placement results from other institutions may be utilized to meet course prerequisites. A copy of the placement report or test transcript must be provided to Enrollment Services for interpretation of appropriate level. Clark utilizes other methods of course placement including CASAS, high school coursework and other options. Please visit www.clark.edu/assessment to determine which option may best fit your placement requirements.

Placement Testing Retest Policy

All students are allowed an initial COMPASS placement test at no additional cost. COMPASS and ASSET scores are accepted and considered valid for two (2) years from the placement test date. After receiving the results, students have the following options:

1. Enroll in the courses into which they were placed.
2. Students may retest in any or all of the three (3) modules (writing, reading, or mathematics). Each module requires a separate fee. Students will then be placed into classes using the higher of the two (2) scores.

Retesting

After the initial retest, students do have the right to retest periodically. Individual modules may be taken once every three (3) months. Each module retest requires a separate fee. Once a letter grade is received, a student may not retest without the explicit permission of the Dean of that area. COMPASS and ASSET scores are considered valid for two (2) years from the placement test date.

COMPASS

Individual modules may be taken once every three (3) months. Each module retest requires a separate fee. Once a student has taken a mathematics, reading, or English class and received a grade of record (A - F, not W), a retest will not be allowed in that subject area.

Distance Learning Proctoring

The Assessment Center provides proctoring services for students taking distance learning or

correspondence courses. There is a fee for this service. Contact the Assessment Center at 360-992-2588 to discuss available proctoring options or visit <http://www.clark.edu/enroll/admissions/assessment/proctoring.php> to download a proctor request form.

Foreign Language Placement

The Assessment Center offers placement into foreign language courses for students who already have a background in French, Spanish or German languages. The foreign language placement exams are computer-based and offered on a walk-in basis in the Assessment Center, located in the Penguin Union Building, room 015.

High School 21+

360-992-2741

Begun in 2015, High School 21+ is a program that helps students 21 years or older earn their high school diplomas in a more timely and convenient way than was previously available. The High School 21+ curriculum combines basic skills coursework with more-rigorous academic education and training so that students can upgrade their skills while working toward a high school credential. The coursework is listed in the schedule as College and Academic Preparation (CAP). CAP is designed both to help students earn their high school diploma and/or prepare for the GED exam. In addition, the coursework can help students who have already completed high school or the GED but who need to improve their academic skills prior to entering into their program of study at Clark College.

Adults interested in participating in the High School 21+ program will need to apply for admission, submit their official high school transcripts, take the CASAS test, and meet with the High School Completion Advisor prior to beginning their classes. While adults aged 19 and older are welcome to enroll in the program, diplomas will be issued only to adults aged 21 and over.

General Educational Development (GED) Testing

Clark College is an official General Educational Development (GED) testing site. The GED tests provide a high school credential to adults who have not graduated from a traditional high school. Participants in GED testing may go on to further their education at Clark College following the examination process or can participate in traditional college classes while completing the GED tests. Refer to page A3 for further information on the Admissions process.

The GED test is designed for adults who are 19 years old or above and who have not received a traditional high school diploma. Examinees who are 16 to 18 years old and wish to take the GED test must provide a high school release form from the school district in which they live.

The GED examinations are given in the following four (4) subject areas:

Social Studies
Mathematics

Science
Language Arts

Successful completion of each of these examinations leads to the issuance of a GED certificate.

The GED test is now offered in a computer-based format. In order to begin the process of obtaining a GED, participants may register online at www.GEDcomputer.com. The GED® test must still be taken

in person, at an official GED® testing center. Examinees under the age of 19 must provide a high school release form to the Assessment Center to enable the online scheduling feature.

GED preparation classes are available through Clark College. Contact 360-992-2107 for further information.

Student Orientation

All new, transfer and returning students are required to complete a Student Orientation session before they are granted access to registration services. Students will gain valuable information about support resources, critical dates and policies, online tools and academic advising. For specific orientation requirements visit <http://www.clark.edu/enroll/admissions/orientation/index.php>

Financial Aid

360-992-2153

www.clark.edu/cc/finaid

The Financial Aid Office helps eligible degree and certificate seeking students obtain funding to meet their educational expenses at Clark College. Last year more than 10,700 students were awarded over \$53 million in federal, state and institutional financial aid.

Types of Financial Aid Available

Financial aid includes grants, tuition waivers, work study, and student loans. The financial aid programs available to students at Clark College include:

Federal Pell Grant: Awarded based on financial need. Students may receive the Pell Grant for a maximum of three (3) full-time (12 credits or more) quarters per academic year. The grant is prorated for less than full-time enrollment. Eligibility is limited to a lifetime maximum of 18 full-time quarters.

Federal Supplemental Educational Opportunity Grant: Awarded based on exceptional financial need. The grant is available to students enrolled in six (6) credits or more per quarter.

Washington State Need Grant: Awarded to eligible Washington State residents up to the cost of tuition. The grant is prorated for less than full-time enrollment. Students may also receive funding to cover a small portion of child care expenses. Eligibility at Clark College is limited to eight (8) full-time quarters. Students who have earned an AA or AAS/AAT/AFA degree in the past five (5) years are not eligible to receive the State Need Grant.

College Bound Scholarship: Awarded in combination with other state financial aid to cover the average cost of tuition, fees, and a partial book allowance. The scholarship is available to students who sign up in the seventh or eighth grade and meet specific eligibility requirements. Information is available online at www.wsac.wa.gov.

Clark College Grants and Waivers Clark College reserves a percentage of tuition revenue and offers these funds to Washington resident students in the form of institutional grants and tuition waivers. Clark College offers the following institutional grants and waivers:

Clark College Grant: Awarded to eligible Washington State residents based on financial need. The grant is available to students enrolled in three (3) credits or more per quarter.

Clark College Need-Based Tuition Waiver: Awarded to eligible Washington State residents based on financial need to reduce the amount of tuition costs. The waiver is available to students enrolled in three (3) credits or more per quarter.

Clark College Non-Need Based Tuition Waiver: May be awarded to Washington State residents and non-residents with unusual circumstances who do not have sufficient resources to pay the cost of tuition. Eligibility is determined on a case-by-case basis by the Financial Aid Director and the Director's designees.

Federal and State Work Study: Awarded to Washington State residents based on financial need. Funds are earned through employment on and off campus. Students must be enrolled in at least six (6) credits per quarter.

Federal Student Loans: Educational loans are a form of financial aid that must be repaid with interest. Money borrowed must be used to pay for the cost of education. Students should review their educational costs and household budget before applying for loans so they know how much they need to borrow for the academic year. Students must be enrolled in at least six (6) program required credits per quarter to maintain eligibility.

There are two types of federal student loans: subsidized and unsubsidized. Students that are eligible for a subsidized loan are not charged interest while they remain in school. Interest starts accruing on subsidized loans after a student leaves school. With an unsubsidized loan, interest starts accruing at the time loan funds are disbursed. Students can choose to make interest payments while in school or delay interest payments until after they leave school.

Subsidized loan eligibility for new borrowers entering college on or after July 1, 2013 is limited. Eligibility for subsidized loans will be lost when students receive subsidized loans for 150% of the published time for program completion if they:

- Do not complete their program, or
- Continue in the same program, or
- Enroll in another program of equal or shorter length

New students borrowing a loan for the first time receive their first loan disbursement on the 31st day of the quarter. If the disbursement date falls on a weekend or holiday, the disbursement will be available on the following business day. All students borrowing a loan for a single quarter will receive their disbursements in two installments. The first disbursement will be on the 31st day of the quarter and the second at the mid-point of the quarter. If the disbursement dates fall on a weekend or holiday, the disbursement will be available on the following business day. Students must be in good academic standing, as defined by the Financial Aid Satisfactory Academic Progress Policy, at the time funds are disbursed.

Application Process

Students begin the annual application process by completing the Free Application for Federal Student Aid (FAFSA) online at www.fafsa.gov. The FAFSA is available each year in January and must be completed for the upcoming academic year that begins in July. Completing the FAFSA is the first step of the application process: Additional documents will be requested by the Financial Aid Office

via student email. The student's financial aid file will be considered complete and ready for processing when all requested documents are submitted to the Financial Aid Office. Students planning to attend summer and/or fall quarter 2015 should complete their financial aid file by May 6 to allow sufficient time for processing and know what types of aid they are eligible to receive. Priority dates for the quarters of winter and spring 2016 will be published online at www.clark.edu/cc/finaid.

Financial Aid Awards and Disbursements

The Clark College Financial Aid Office processes the student's financial aid file and determines eligibility for grants, work study, and loans. Students are notified of their eligibility with an award letter to their student email account. All grants and tuition waivers included on the award letter are based on full-time (12 credits or more) enrollment. Grants and tuition waivers are prorated down prior to the start of the quarter for less than full-time enrollment. Loans included on the award letter are estimates. Because loans must be repaid with interest, an additional application is required, which can be completed after the award letter is received.

All financial aid awards are automatically used to pay tuition and fees. If the financial aid award is not sufficient to pay the tuition and fees in full, the student is responsible for payment of any remaining balance. If the financial aid award exceeds the cost of tuition and fees, the student will receive a disbursement. With the exception of summer quarter, financial aid disbursements are issued 1-2 business days before the start of the quarter. Summer quarter disbursements begin after July 1, 2015. To avoid delays in financial aid disbursements, students should finalize their academic schedule at least one week before the start of the quarter.

The Clark Debit Card

Through a partnership with HigherOne, Clark Debit Cards are issued to all Clark College students receiving financial aid. The debit card is mailed by HigherOne after the student has completed their financial aid file. The debit card should be activated upon receipt at www.clarkdebitcard.com to select how they wish to receive their quarterly financial aid disbursements.

Census Date

A student's enrollment level for the quarter is established at the time funds are sent to HigherOne for disbursement. On the census date (the fifth day of the quarter), the student's enrollment level is finalized and compared to the original enrollment level. No funding adjustments can be made after the census date.

If a student adds classes during the first week of the quarter and is entitled to additional funds, the Financial Aid Office will disburse the additional funds to the student's HigherOne option. Students who are eligible to receive additional funds will receive notification of refund disbursements from HigherOne.

A student that drops to a lower enrollment level or does not start attendance in all classes after their refund disbursement is released to HigherOne, will be billed based on their change in enrollment. Money owed is identified as a Pell Grant overpayment. Students in an overpayment status will receive a bill by the end of the third week of the quarter at their Clark College student email address. If a tuition refund resulted from a drop in credits, it will be applied to the Pell Grant overpayment to help pay back any amount owed.

Late Start or Module Classes

A student may enroll in a class that begins after the official quarter start date. Financial aid will include late start or module classes in the enrollment level at the time funds are sent to HigherOne. If a student does not start attendance or drops a late start or module class prior to its start date, they will be billed based on their change in enrollment. Money owed is identified as a Pell Grant overpayment. Students in an overpayment status will receive a bill at their Clark College student email address. If a tuition refund resulted from a drop in credits, it will be applied to the Pell Grant overpayment to help pay back any amount owed.

Students who owe a Pell Grant overpayment will have 45 days to pay their debt in full or make arrangements to pay their debt. If, within 45 days, the student fails to pay in full or make arrangements to pay, the debt will be referred to ED Debt Resolution Services

<http://www.myeddebt.com/borrower/>

Students whose debt has been referred will no longer be eligible for financial aid, including grants, loans, and work study. Even though students repay their debt, they will still be held responsible for their original enrollment level and could face financial aid warning or suspension based on finalized quarter enrollment level. The Clark College Census Date policy is available at

http://www.clark.edu/enroll/paying-for-college/documents/Census_Date_Disbursement_Policy.pdf

Financial Aid Satisfactory Academic Progress

Students must meet the Financial Aid Satisfactory Academic Progress (SAP) Policy requirements to remain eligible for federal, state, and institutional financial aid.

There are three standards of Satisfactory Academic Progress that are evaluated at the end of each quarter:

I. Grade Point Average (GPA) if both the quarterly and cumulative GPA fall below 2.0 the student will not have met the GPA requirement to remain in good standing. In addition, a student must have a minimum 2.0 cumulative GPA at the end of their sixth quarter of attendance.

II. Maximum Timeframe is measured to ensure students are taking required courses to complete their certificate or degree within 125% of the credits required for the program of study. All credits attempted at Clark College and accepted in transfer, regardless of whether or not financial aid was received, are included. Remedial coursework needed to reach program-required classes is counted toward maximum timeframe. Eligibility for remedial coursework is limited to 45 attempted credits.

III. Pace of Progression Students must complete all credits funded each quarter within their enrollment level (see chart below) and 67% of their attempted cumulative credits. All program credits, including transfer and remedial credits, will be taken into consideration whether or not aid was received. Grades F (Failed), I (Incomplete), U (Unsatisfactory), W (Withdrawal), Y (In Progress), N (audit), and R (repeat) will count as attempted credits.

Registered Credits at

| Time of Disbursement | Good Standing | Warning | Suspension |
|-----------------------------|------------------------|----------------|--------------------|
| Full Time (12 -19 credits) | 12 credits per quarter | 6 - 11 credits | 5 credits or fewer |

| | | | |
|----------------------------------|-----------------------------------|---------------|---|
| 3/4 Time (9-11 credits) | 9 credits per quarter | 6 - 8 credits | 5 credits per quarter |
| 1/2 Time (6-8 credits) | 6 credits per quarter | N/A | 5 credits per quarter |
| Less Than 1/2 Time (1-5 credits) | All attempted credits per quarter | N/A | Less than all per quarter attempted credits |

Students who do not meet Satisfactory Academic Progress can be placed on Financial Aid Warning or immediate Financial Aid Suspension. Students will be notified through their Clark College student email at the end of the quarter after grades have been posted.

Financial Aid Warning

Students will be placed on Financial Aid Warning for one quarter if:

- They do not complete the number of quarterly credits in their enrollment (see chart above), or
- They complete less than 67% of the cumulative credits attempted for their program, or
- Both quarterly and cumulative GPA's fall below 2.00 at the end of a quarter.

Students on Financial Aid warning are eligible for funding the following quarter of attendance. All Satisfactory Academic Progress Policy requirements must be met the following quarter to avoid financial aid suspension.

Financial Aid Suspension

Students will be placed on suspension if they:

- Are on Financial Aid Warning or Probation and
 - Do not complete the number of credits in their enrollment level and/or
 - Do not meet 67% pace of progression and/or
 - Both quarterly and cumulative GPA fall below 2.0 at the end of the quarter
- Have a cumulative GPA below 2.0 at the end of the sixth (6th) quarter
- Have attempted 125% of the credits required for the program
- Have changed their degree more than two times
- Have failed to meet the requirements of an Educational Plan agreement
- Not all attempted credits are completed (as noted on the enrollment chart)

Students placed on suspension are not eligible for future financial aid which includes grants, loans and work-study.

Regaining Financial Aid Eligibility

When students lose eligibility due to lack of academic progress, there are two options to regain eligibility.

I. Satisfactory Academic Progress Appeal: Failure to maintain good academic standing may be the result of circumstances beyond the student's control. If extenuating circumstances prevented the student from successfully meeting Satisfactory Academic Progress requirements, they may submit an appeal.

Appeals must include the following:

1. Satisfactory Academic Progress Appeal Form.
2. Typed and signed statement explaining the circumstances, what has changed and the steps taken to ensure future academic success.
3. Supporting documentation confirming the extenuating circumstances presented in the statement.
4. A current degree worksheet completed and signed by the student and program advisor.

Students are limited to two appeals at Clark College. Appeals are reviewed by the Financial Aid Advisory Committee bimonthly and students are notified of their decision through student email. The Committee's decision is final. If the appeal is approved, the Committee has the authority to restrict students to specific academic conditions. If approved, aid is reactivated based on available funding at the time the appeal is approved and may not reflect the original award. An approved appeal does not negate any repayment owed to the financial aid programs or Clark College.

II. Request for Reinstatement: If a student chooses not to appeal or has exhausted the two-appeal limit, they may submit a Request for Reinstatement when they have met all of the following conditions:

1. Cumulative GPA is 2.0 or higher
2. Enrolled in and completed a minimum of five (5) program-required credits
3. Pace of progression is 67% or higher

When attempting to reinstate, all credits in the reinstatement quarter must be completed. Grade of F (Failed), W (Withdraw), Y (In Progress), N (Audit), and R (Repeat) will hinder eligibility for reinstatement and may increase the number of credits needed to reinstate. If the reinstatement is approved, aid is reactivated based on the availability of funding at the time the reinstatement is approved. Students may be restricted to specific academic conditions and must remain in good academic standing to maintain continued eligibility. An approved reinstatement does not negate any repayment owed to the financial aid programs or to Clark College.

Financial Aid Probation

If a student's appeal is approved by the Financial Aid Advisory Committee, their financial aid will be reinstated on a probationary status. The Committee may specify an education plan or other academic restrictions. To avoid losing eligibility while on Probation students must meet all Satisfactory Academic Progress Policy requirements and all conditions of the approved appeal.

Title IV Repayment Policy

Students who receive financial aid are subject to the Federal Return of Title IV Policy. This policy is effective when a student withdraws or fails all credits. Students who attend through the 60% point of the quarter earn 100% of their aid and will not owe a repayment. Students who do not attend through the 60% point in the quarter may owe a repayment to the financial aid programs. The student's withdrawal date is used to calculate repayment and is determined as follows:

Official Withdrawal: The date the student began the institution's withdrawal process by officially notifying the institution in writing of their intent to withdraw.

Unofficial Withdrawal: The last date of attendance, defined as the last date of participation in an academic related activity, reported to the Financial Aid Office by the instructor or the midpoint of the period of enrollment. The latest date will be used to calculate the repayment.

Return of Funds

Funds are returned to the following Federal sources in order of priority, as established by Congress:

1. Unsubsidized Direct Loans
2. Subsidized Direct Loans
3. Direct PLUS Loans
4. Pell Grants
5. Supplemental Educational Opportunity Grants
6. Other Federal, State, Private, or Institutional financial assistance

There are six (6) basic steps to the formula for calculating the amount of funds that must be returned to the Title IV programs:

1. Determine the date of withdrawal and percentage of payment period attended by the student
2. Calculate the amount of Title IV aid earned by the student
3. Compare the amount earned and amounts disbursed to determine amount unearned
4. If amount earned is greater than amount disbursed, determine late disbursement
5. If amount earned is less than amount disbursed, determine amount of Title IV aid that must be returned
6. Calculate portion of funds to be returned by the institution and student

Both Clark College and the student have specific responsibilities under this policy. Students who owe a repayment will have 45 days to pay their debt in full or make arrangements to pay their debt. If, within 45 days, the student fails to pay in full or make arrangements to pay, the debt will be referred to ED Debt Resolution Services (www.myeddebt.com/borrower/). Students who fail to comply with the terms of their agreement to repay will immediately become ineligible for Title IV funds.

Requirements of 34 CFR 668.22 are available in the Clark College Financial Aid Office or the Clark College website at http://www.clark.edu/enroll/paying-for-college/get-keep/refund_policy.php

State Need Grant Repayment Policy

Students receiving State Need Grant (SNG) are subject to the Washington State Need Grant repayment policy as defined by the Washington Student Achievement Council (WSAC). This policy is effective only if a student completely terminates enrollment by withdrawing or failing all credits. Students who remain enrolled through at least 50% of the quarter are considered to have earned 100% of the State Need Grant received and will not owe a repayment. Students who officially or unofficially withdraw before the 50% point of time will owe a repayment. The amount of the repayment is based on the date of official withdrawal or the last date of attendance as documented by the student's instructors. Students will be billed 50% of State Need Grant considered unearned. Any unpaid debt will be referred to WSAC at the end of the academic year, June 30. Students are not eligible for Washington State Need Grant until the repayment has been paid in full.

To change from credit to audit or audit to credit, the student must complete a Change of Registration form at the Registration Office. Such changes may be made only with the written consent of the instructor and must be processed by the end of the tenth day of the quarter (eighth day in summer).

A member of the Washington National Guard or any other military reserve component, who misses any form of participation/attendance in a class due to being ordered to service for 30 days or less or requiring medical treatment for that service, is entitled to make up academic assignments without prejudice to the final course grade or evaluation. Documentation must be submitted prior to absence. Contact the Veterans Affairs Office for information.

Change of Address

In order to ensure receipt of important information, students must notify the college of any change of address. Offices that should be informed include Admissions, Financial Aid and Registration. Student Update forms are available at the Registration Office and online at www.clark.edu.

Tuition and Fees

The first payment due date is four (4) weeks prior to the quarter start date. Students who register Saturday through Friday must pay tuition and fees on the following Monday by 5:00 p.m. If a holiday falls on Monday, payment is due that Tuesday by 5:00 p.m. Students who register after the 10th day of the quarter must pay tuition by the end of the business day. Students receiving financial aid, scholarship, agency, or veterans benefits are responsible for paying outstanding tuition and fees by the tuition due date when aid is insufficient to cover the total cost. Students who do not pay tuition and fees will be dropped from their classes unless:

- The outstanding balance is \$100 or less.
- A signed agreement to participate in the STEPP deferred payment plan has been submitted and payments are up to date.
- Registration for classes occurs after the 10th day of the quarter.

It is the responsibility of the student to officially withdraw from classes if they are unable to pay tuition and fees. A 100% refund will be issued through the fifth (5th) business day of each quarter.

Students with any outstanding debt owed to the college will:

- Be blocked from future registration.

Other examples of technology available to students are online registration and student kiosks, and online services featured on the Clark College website.

*These fees are refundable on the same basis as tuition.

Additional Fees

Some courses may require payment of lab or course fees in addition to or instead of tuition. These fees help the college defray expenses not funded by the state. Fees are used for specific course expenses such as breakage, hazardous waste management, consumable supplies, special materials, minor repairs, and materials that become the property of the student.

Textbooks and Supplies

The Clark College Bookstore stocks required textbooks and supplies as requested by classroom instructors. Also available are many supportive suggested materials to assist in the student's class preparation and participation. The store staff understands the financial impact of class materials, thus provides the lowest prices for new textbooks of any college in this region and diligently pursues and stocks as many used textbooks as possible, partly supplied from a quarterly student book buyback program. In addition, the store offers a number of other affordability services for Clark students, such as textbook and calculator rentals, hold services, peer-to-peer exchange and much more. To obtain current book and supply lists and receive assistance in cost estimating, please visit the Clark College Bookstore on the main Clark College campus or visit their website at www.clarkbookstore.com.

Financial Obligations of the Student

Students are expected to meet their financial obligations to the college. Clark College staff will

act in accordance with adopted procedures and, if necessary, initiate legal action to ensure that collection matters are brought to a timely and satisfactory conclusion. Collection fees will be added to debts owed the college.

Admission to or registration with Clark College, or issuance of academic transcripts, and other college services, will be withheld for failure to meet financial obligations.

Refund Policy

A student who officially withdraws through the Registration Office may receive a refund of tuition and certain fees. The complete Refund Policy is printed in the college information section of this catalog and is available online at www.clark.edu/cc/FApolicies.

Students who believe extenuating circumstances justify an exception to the policy may make a formal request at the Registration Office. Exceptions may be granted for extreme, extenuating, urgent and unavoidable circumstances that prevent a student from withdrawing within the established guidelines. Students receiving Financial Aid may not qualify for exceptions to the refund policy due to federal financial aid guidelines.

A separate refund policy applies to classes offered by Transitional Studies (ABE, GED and ESL), Community Education and Mature Learning classes. For more information see the Adult Basic Education, GED, English as a Second Language, Community Education or Mature Learning sections of the class schedule.

| A- | 3.7 |
| B+ | 3.3 |
| B | 3.0 |
| B- | 2.7 |
| C+ | 2.3 |
| C | 2.0 |
| C- | 1.7 |
| D+ | 1.3 |
| D | 1.0 |
| D- | 0.7 |
| F | 0.0 |
| I | Incomplete |
| N | Audit |
| P | Pass |
| S | Satisfactory (credit only, no grade points) |
| U | Unsatisfactory (no credit, no grade points) |
| W | Official withdrawal |
| Y | In process/re-register |

Transfer of Grades

The grades assigned in transferable courses by the sending institution shall not be altered by the receiving institution. Courses completed with a grade of 'D' or above shall normally be accepted in transfer (except at The Evergreen State College, where a minimum of 2.0 or 'C' is required for transfer). Nontraditional grading practices require special handling, depending on the nature and circumstances of the program from which and to which a student is transferring, but receiving institutions shall take steps to assure all students equitable treatment.

Grade Information

Students enrolled in credit classes may obtain grade information approximately eight (8) days after the end of each quarter. Students may access grades at a college student information kiosk or through the Clark College website: www.clark.edu.

Grade Point Average (GPA)

Grade points are calculated by multiplying the number of credit hours for each course by the decimal grade appropriate for the grade earned. The quarterly GPA is computed by adding the total number of grade points for the quarter and dividing by the total number of credits attempted in courses that received a letter grade.

| Credit Hrs Attempted | Grade | Grade Points Earned |
|------------------------|----------|--------------------------------|
| 5 | B+ = 3.3 | 16.5 |
| 3 | C = 2.0 | 6.0 |
| 8 Total Credits | | 22.5 Total Grade Points |

Dividing 22.5 by 8 computes to a grade point average of 2.81.

The student's cumulative grade point average may be obtained by adding the total number of grade points for all quarters and dividing by the total number of credits attempted in the courses that received a letter grade.

Incomplete Grades

An incomplete grade indicates that the student performed at a passing level, completed most of the course requirements, and intends to make up the missing work. Incomplete grades may be assigned at the discretion of the instructor if the student is unable to complete the work because of illness or other circumstances beyond the student's control. When assigning an incomplete grade, the instructor must provide a date for which the work must be completed, and the grade that will be entered on the student's transcript if the work is not finished on time. The incomplete grade remains on the student's transcript until the specified date or until the student completes the required work and the instructor submits an amended grade to the Registration Office.

In Process/Re-register

Students enrolled in variable credit or continuous enrollment courses may be given a "Y" grade if their effort is not sufficient to grant one (1) credit. Students must re-register and pay tuition to continue the course. A "Y" grade may also be used for courses which last more than one (1) quarter.

Pass/No Pass

Students may request to enroll in certain courses on a pass/no pass [PNP] basis. Students must contact the Registration Office for information about courses approved for this option. No more than sixty (60) credits taken for pass/no pass will be allowed toward the associate in arts degree, associate in science degree, the associate in applied science degree, or the associate in applied technology degree. Students must earn a grade of “C” or better (2.00 GPA) to be given a “Satisfactory” grade in a pass/no pass course. An “Unsatisfactory” grade will be posted for students earning less than a “C” grade. Students planning to transfer to a university should contact that institution to determine their policy for acceptance of pass/no pass courses.

Repeating a Course

Some courses may be repeated to improve a grade earned, but credit will be granted only once. When students notify the Registration Office that a course has been repeated, the symbol “R” will be placed next to the first grade, and only the last grade earned will be used in calculating the grade point average. No courses may be repeated more than twice (defined as two repeats in addition to the original enrollment). The Clark College repeat policy does not apply to transfer coursework. Transfer coursework is not included in the Clark College GPA calculation and is not included in honors designation.

Students who plan to transfer to another institution should be aware that their GPA might be recomputed. Repeated courses will be received in accordance with the institution’s own requirements and policies. Students receiving financial aid or Veterans benefits, or those participating in athletics, should consult those offices prior to repeating a course. Benefits or eligibility may be reduced or lost due to course repetition.

Setting Aside Past Record

Qualified students may set aside a previous substandard academic record that does not reflect their true ability at Clark College. Setting aside does not expunge the previous record, but places a “set aside” notation on the student’s transcript, marking the term from which the college will calculate a new GPA for determining probation, eligibility, or honors at graduation. Students may not count credits set aside to fulfill credit requirements for graduation. Students should understand that the record to be set aside includes all courses taken before the date selected by the student, and those courses may not be used to satisfy future course prerequisites.

Students may set aside a previous record if:

- They have earned fifteen (15) credits at Clark College beyond the quarter to be set aside.
- They have a 2.50 GPA at Clark College for these credits.
- The work to be set aside is at least one (1) year old.

Petition forms are available at the Registration Office in Gaiser Hall.

Caution: Although Clark College makes provisions for setting aside past records, students should not assume that other colleges to which they transfer will compute the GPA in the same manner. Only the Clark College record can be set aside; the college cannot set aside records from other colleges. Financial aid students will still be subject to federal regulations that require that all attempted credits be counted toward completion of an initial degree.

Grade Change/Error

Students who believe an error has been made in recording their grades should contact the Registration Office. If a recording error has been made, it will be corrected. If an error was not made when grades were posted, the student should contact the instructor. Grade changes are made at the discretion of the instructor. A "Change of Grade Form" must be signed and submitted to the Registration Office by the instructor. Grade changes and corrections made for Veterans and Financial Aid recipients must also be reported to the Office of Veterans Affairs and/or the Financial Aid Office.

Grade changes must be made no later than the end of the second quarter following the quarter the student attended the class.

Grade Change/Academic Appeal Policy

An academic appeal refers to a claim by a student that a specific grade assigned to the student by an instructor is the result of an arbitrary or capricious application of otherwise valid standards of academic evaluation or to a student's claim that the instructor has made an arbitrary or capricious decision or taken an arbitrary or capricious action which adversely affects the student's academic standing.

The student must file a written complaint within ninety (90) calendar days after termination of the course. The appropriate instructional dean or supervisor may suspend this rule only under exceptional circumstances such as extended illness, sabbatical leave, or absence of one or both parties involved in the complaint. Grade appeal process forms are available through the instructional deans' offices or the Office of Instruction.

Students having complaints relative to academic performance evaluation should follow the steps below:

Step 1: The student should complete a grade appeal process form and discuss the complaint with the instructor. If the complaint is not resolved, proceed to Step 2.

Step 2: The student should speak to the appropriate division chair. The division chair must notify the student within fifteen (15) working days of the resolution after the meeting with the student. If the student is not satisfied with the resolution, the student should proceed to Step 3.

Step 3: The student will provide a written statement describing the nature of the appeal to the instructional dean or supervisor. A meeting will then be scheduled with the student, the instructional dean or supervisor, and the instructor to discuss the appeal. The instructor will receive a copy of the student's written material prior to the meeting. A decision by the dean or supervisor will be made within fifteen (15) days of the meeting. The decision by the dean or supervisor will be final and cannot be appealed further.

Confidentiality of Records

Clark College has adopted procedures in compliance with the Family Educational Rights and Privacy Act (FERPA) as amended, and maintains confidentiality of student records. College employees are trained to comply with information release guidelines.

With few exceptions, parties outside of school officials will not have access to student records without the written consent of the student. Clark College will not release a student's record to a parent/ guardian without the student's written request. This policy is in effect regardless of the student's age or financial dependency upon the parent or guardian. The college may release student directory information without student consent. Directory information includes student name, student address, student e-mail, date of birth, major field of study, quarters of attendance, degrees and awards received, participation in activities and sports, and weight and height of members of athletic teams. Additional information regarding FERPA is found in section G of this catalog. In compliance with state law (SB5509) Clark College no longer uses the student's Social Security Number for the purpose of student identification. This law is intended to add additional protection to the student's identity.

The college will assign all students a Student Identification Number (SID). Students are required to use their assigned SID to access their records, register for classes, pay tuition, etc. For a copy of SB5509 or for additional information regarding this process, you may contact the Registration or Admissions Office.

Transcripts will be mailed to any college, university or other agency upon receipt of the request within seven (7) business days. There is also a rush transcript option available. Catalog Lifespan

Students may complete their degree(s) or certificate(s) under the requirements set forth in any catalog issued during their attendance at Clark College. Any student not in attendance at Clark College for two (2) or more calendar years is required to complete the program requirements of the catalog in effect at the time of their re-entry to the college. (WAC 132N-160-080).

Diplomas

Diplomas will be mailed 6-8 weeks following the completion of a student's degree or certificate requirements. Diplomas that are lost or misplaced may not be available for reprint. Contact the Credential Evaluations Office for more information.

Graduation Application Deadlines

Students must submit a graduation application to the Credential Evaluations Department in order to be awarded a degree or certificate upon the fulfillment of the completion requirements. Students are encouraged to submit the graduation application one quarter before they plan to complete all of their requirements. If students do not complete their degree or certificate requirements in the quarter of application, they must reapply.

The priority processing deadline for graduation applications is the tenth (10th) day of the quarter in which the student plans to finish degree or certificate requirements. Graduation applications submitted by the priority deadline will be processed first and assured the awarding of the degree or certificate for the requested quarter.

Graduation applications received after the priority deadline and through the eighth (8th) week of the quarter will be accepted; however, applications received during this non-priority period will be processed after all priority graduation applications have been reviewed and processed. Applications received during this period are not guaranteed to be processed in time to award the degree or certificate in that quarter, provided all degree or certificate requirements have

been fulfilled.

Graduation applications received after the eighth (8th) week of the quarter will not be processed for that quarter and will be moved to the subsequent quarter for review. The awarding of degree or certificate will be posted to the student's transcript in the subsequent quarter.

Credit for Prior Learning

Have you dreamed of completing a degree you started long ago? Is it overwhelming to consider beginning or returning to school after being out of the educational system for several years? The process may not be as difficult as you may think! You may be able to earn college credit for knowledge and skills you have gained from prior education and training, military experience, volunteer and life and work experiences. Prior learning assessment is a process that enables individuals to demonstrate what they have learned--usually through life and work experiences--and have that learning assessed for college credit.

Granting college credit based on assessment of a student's prior learning in the workplace, military or through other life experiences can have positive impacts on college affordability, institutional capacity and student success. Legislation passed by the state of Washington, requires Clark College to collaborate with the State Board of Community and Technical Colleges in supporting the state goals for credit for prior learning. Clark College is committed to fostering an educated and skilled workforce, which is essential for economic prosperity and meaningful work for the citizens in Clark's service area. Further, Clark College is dedicated to awarding credit for applicable learning experiences that can help more students complete their training and degree programs sooner by evaluating an individual's existing knowledge and competencies for college credit. Students may be assessed through various processes that will determine the degree to which you have met the learning outcomes of the content in question. This could be a test, written assessment, oral interview, project, performance or another appropriate method by which the faculty member determines your understanding of the subject matter.

For more detailed information on Credit for Prior Learning please contact 360-992-2805.

Certification Crosswalk

Credit may be awarded for documented experiential learning outside the college upon the recommendation of appropriately qualified teaching faculty. Documentation may be in the form of, but not limited to, a licensure or certification document, that demonstrates that learning outcomes have been accomplished.

College Level Examination Program (CLEP) 360-992-2805

Clark College awards credit for successful CLEP examinations. An up to date list of subjects and required scores can be found on our website page. To be considered for credit, a student must pass the examination with the equivalent of a "C" or better grade. The transcript will reflect the credit granted by listing the equivalent course number, title, and credits. Refer to the Other Applicable Credit Options section for further restrictions on the number of credits applicable toward specific programs. Not all institutions accept CLEP credits. Students intending to transfer to another institution should contact the transfer

institution for information on their CLEP policy.

Procedure for Requesting CLEP Credits

Students should have an official copy of their CLEP scores sent to:

Clark College
Attn: Credential Evaluations/GHL108

CLEP credits are posted to the transcript at the end of the quarter in which the scores were submitted as long as the student is enrolled in that quarter.

2. the course can be challenged (some courses may not be challengeable).

Students wishing to challenge a course may not be currently enrolled in the course they wish to challenge, nor may students challenge courses if they have completed a course with a higher degree of difficulty. Courses that have been successfully challenged will be appear on the student's transcript with an "S" grade. There will be no transcript entry for an unsuccessful challenge. The successful challenge will appear on the student's transcript within the quarter earned and does not count toward the Clark College residency requirement. Students should check with the Credentials and Evaluation Office for the current application process and course challenge fee.

Military Experience

360-992-2711

Transfer Credit

Transfer Institution Accreditation Requirements

Clark College accepts credits from regionally accredited institutions of higher education. Recognized accrediting bodies are as follows:

- Middle States Association of Colleges and Schools (MSA)
- New England Association of Schools and Colleges, Inc./Commission on Institutions of Higher Education (NEASC-CIHE)
- North Central Association of Colleges and Schools (NCA-HLC)
- Northwest Commission on Colleges and Universities (NWCCU)
- Southern Association of Colleges and Schools/Commission on Colleges (SACS-CC)
- Western Association of Schools and Colleges/Accrediting Commission for Community and Junior Colleges (WASC-ACCJC)
- Western Association of Schools and Colleges/Accrediting Commission for Senior Colleges and Universities (WASC-ACSCU)

Domestic Institution Transfer Policy

Students who have attended other regionally accredited institutions of higher education may choose to transfer credit to Clark College to meet course prerequisites and degree requirements. All coursework, including courses earned as part of prior degrees, will be evaluated on a course-by-course basis for transferability to Clark College. The Credential Evaluations Office will review the content of each course transferred and determine the appropriate course equivalency.

Official copies of transcripts are required for evaluation. Transcripts are considered official if issued directly from the prior institution or delivered in the original sealed envelope. Course descriptions and/or syllabi may be required to complete evaluations in some instances. It is the student's responsibility to request courses and catalog information from an outside institution and provide them to Clark College. Once transcripts from other institutions are received, they become part of a student's permanent educational record and cannot be released by Clark College.

Although there is no limit on the number of credits that can transfer into the college, students must meet the Academic Residency requirements for their program. Any Health Occupation competitive-entry program student MUST provide all transfer institution transcripts.

International Institution Transfer Policy

Students with credits from international institutions of education may submit their academic records for credit consideration. The amount of credit awarded will vary, based on the individual record of the student. Clark College does not recognize English coursework completed in countries outside of the United States, with the exception of Australia, Canada (except Quebec province), Ireland, New Zealand, and the United Kingdom.

Clark College requires translation and evaluation of the student's academic record from an agency that is a member of the National Association of Credential Evaluation Services. A current list of members is available online at www.naces.org. The costs of agency services are the responsibility of the student.

Distribution Reciprocity

The Washington State Community and Technical College Inter-College Reciprocity Policy (Distribution Reciprocity) provides guidelines for transfer credit treatment among the Washington state community colleges. If a student transfers an individual course that meets a Communication Skills, Quantitative Skills or Distribution Requirement at the sending college for a specific transfer degree, that course is considered to have met that requirement at the receiving college for a similar transfer degree, even if this course does not have an exact equivalent. The receiving institution will accept a specific course's distribution area for a transfer degree if that student:

1. Has met the sending institution's residency credit and meets the receiving institution's policy on continuous enrollment (enrollment pattern needed to complete under the catalog at entrance)
2. Has met the entire Communication Skills, Quantitative Skills or Distribution Requirement of a transfer degree, according to the sending institution's degree criteria
3. Has maintained a cumulative college-level grade-point average (GPA) of 2.0 or better at the sending institution.

Students who believe they may qualify from the Distribution Reciprocity agreement should contact the Credential Evaluations Office.

Computer Proficiency: A Statement to Students

Students at Clark College, in order to succeed here and in the communities outside the college, need to be familiar with and capable of using computers and computer software. Both upper division college work and the requirements of the workplace demand such skills. Many Clark College faculty will require students to access class materials on the Internet, use a word processor, e-mail and databases as part of regular course activities.

Students need to determine which computer skills are appropriate to their areas of study and take positive steps to acquire and use them early. In order to facilitate appropriate student access to computers and computer software, the college provides classrooms, labs, course work and library access where students can learn about and use these tools.

Students should contact their instructors, the college library, the Office of Student Affairs, the Associated Students of Clark College (ASCC), the Pathways Center, or the Advising and Counseling offices to find out what computer resources are available and when they can be accessed. Advisors, counselors, and faculty can assist students in choosing appropriate

courses to help them achieve computer proficiency.

The Security/Safety Department works continually toward safe and effective parking lot use. Concerns, suggestions and ideas for meeting the challenges of managing campus parking are
