

## 2-Year Program Map for Business Administration AAS Degree

### Area of Study: Business & Entrepreneurship

Program maps are suggested academic plans and should not be used in the place of regular academic advising. Your student entry method, placement, course availability, and program requirements are subject to change and transfer credit(s) may change your map/plan.

A path in business administration brings opportunities that vary from owning, operating, or managing a business. At Clark, our students learn methods of maintaining a competitive edge in business through theory and practical learning. Our program allows students to specialize in a particular area of business and learn effective teamwork skills. Students will utilize technology to solve problems and improve workflow, interpersonal skills, and professional workforce behavior. In this program, students will earn a certificate in combination with the AAS degree upon completion. Please see an advisor or the department for specifics.

## Funding Options at Clark

There are many resources available to help students cover the costs to attend college—tuition, books, fees, tools, transportation, childcare, etc.—so you can focus on completing your degree or certificate.

**Grants** Based on need. You do not need to pay back grants.

**Scholarships** Similar to grants, and there are different criteria; Clark College awards hundreds of thousands of dollars to students each year. We encourage everyone to apply!

**Student Employment & Work Study** Money you earn through working part-time; this helps to reduce your reliance on loans, and build your skills and resume.

**Loans** If you do need to borrow additional funds to pay for college-related expenses, you can consider loans. It is money you borrow and will pay back with interest.

**Specific Assistance** For Veterans, worker retraining, DREAMers, students receiving DSHS benefits, and more.
