Early childhood education fosters the development of social, intellectual, and emotional abilities in young children. Early Childhood educators work together with children and their families to model behavior that nurtures a child's long-term educational success. Clark students have a variety of options when seeking a concentration in ECE studies. Certificates of Achievement, a Certificate of Proficiency, an Associate in Applied Science Degree and transfer options are available for students looking to continue to a four-year institution. This Degree is designed for students planning to transfer to WSU Vancouver to pursue a bachelor's degree.
