# 2-Year Program Map for Surveying & Geomatics AAS

**Area of Study: Science, Technology, and Engineering**

*Program maps are suggested academic plans and should not be used in the place of regular academic advising. Your student entry method, placement, course availability, and program requirements are subject to change and transfer credit(s) may change your map/plan.*

In the world of Surveying and Geomatics, outdoor projects are routine. Land surveyors determine boundaries of land, air space, and water for the use of property development and legal descriptions. Survey technicians work out in the field, and work activities can include providing data relevant to the shape, contour, location, elevation, or dimension of land features. Clark’s program provides opportunities for students to learn on equipment used in real-world situations. Classes meet in the evenings and weekends, and Clark offers an Associate in Applied Science degree that provides training in survey techniques and methods.

> Free [Tutoring Services](#) are available to support you throughout your degree completion.

## Year One

### Fall Term
- MATH 103 College Trigonometry ................................................................. 5  
- Social Science Elective ................................................................. 3  
- SURV 125 Intro to GIS ................................................................. 3  
- SURV 121 Field Survey I ................................................................. 5  

### Winter Term
- MATH 111 College Algebra ................................................................. 5  
- ENGR 113 Engineering Sketching & Visualization ................. 2  
- SURV 123 Professional Ethics ................................................................. 1  
- SURV 122 Field Survey II ................................................................. 5  
- SURV 250 Arc GIS I ................................................................. 3  

### Spring Term
- SURV 163 Route Surveying ................................................................. 5  
- ENGR 140 Basic Autocad ................................................................. 4  
- Any HPE3 or HLTH 2 + PE 1 of choice^ ................................................................. 3  
- SURV 104 Computation and Platting ................................................................. 5  

## Year Two

### Fall Term
- MATH& 151 Calculus I ........................................................................ 5  
- BUS 169 Intro to Excel ........................................................................ 3  
- SURV 252 Map Projections ................................................................. 2  
- SURV 202 Boundary Surveys ................................................................. 4  

### Winter Term
- PHSC 101 General Physical Science ................................................................. 5  
- Humanities Elective ................................................................. 3  
- SURV 253 Intro to GPS ................................................................. 2  
- SURV 264 Survey Software Applications ................................................................. 4  
- SURV 223 Boundary Law I ................................................................. 3  

### Spring Term
- CMST& 210 Interpersonal Communication ................................................................. 5  
- PTWR 135 Intro to Applied Tech Writing ................................................................. 5  
- SURV 203 Legal Descriptions ................................................................. 3  
- SURV 225 Subdivision Planning & Platting ................................................................. 3  

96 units required. View the [Clark College Catalog](#) for additional program information

**Key:** ^ Alternative classes are available to fit your schedule or interest. & Common Course in the State of Washington.

## Approximate Costs Each Term

Tuition $1490* for 15 credits per term plus books, supplies, and miscellaneous fees. *Tuition based on Washington resident rates. View residency classifications on our website.

## How to Enroll

Visit Clark College’s Welcome Center in Gaiser Hall room 127 or the [Get Started webpage](#) for information on becoming a new student. Email start@clark.edu or call 360-992-2078.

## Customize with Advising

Make an appointment online with Advising Services to learn more about customizing your academic plan at clark.edu/advising.

## Apply for Admission
Support Services
At Clark College, we know that everyone who walks through our doors is a unique person with diverse, interesting and sometimes challenging circumstances. We are committed to ensuring each and every student can succeed at Clark, and are committed to serving systemically non-dominant communities, including (but not limited to) people of color, those who identify as LGBTQIA2S+ and people with disabilities. We have resource centers, clubs, programs and activities for all students.

Visit our Student Support page for more information.

Funding Options at Clark
There are many resources available to help students cover the costs to attend college—tuition, books, fees, tools, transportation, childcare, etc.—so you can focus on completing your degree or certificate.

Grants Based on need. You do not need to pay back grants.
Scholarships Similar to grants, and there are different criteria; Clark College awards hundreds of thousands of dollars to students each year. We encourage everyone to apply!

Student Employment & Work Study Money you earn through working part-time; this helps to reduce your reliance on loans, and build your skills and resume.

Loans If you do need to borrow additional funds to pay for college-related expenses, you can consider loans. It is money you borrow and will pay back with interest.

Specific Assistance For Veterans, worker retraining, DREAMers, students receiving DSHS benefits, and more.

For more information, visit our paying for college website or visit the Office of Financial Aid in Gaiser Hall room 101.

Career Opportunities
Career exploration and planning is an essential step to establishing your academic journey at Clark College and beyond. Career Services connects you with resources and strategies for career planning in six areas: knowing self; career awareness; relationship building and networking; work-based learning; job-search skills; and career readiness competencies. You are encouraged to participate in MyPlan, a comprehensive and interactive guide with activities to support your career, academic, and financial wellness planning. Visit Career Services in the Penguin Union Building room 002.

Students who complete Surveying/Geomatics Associates in Applied Science degree could be employed as:

Some careers may require a bachelor's degree or higher

- Survey Technician
- Instrument Operator
- Rodman
- Survey Crew Chief Cellular Biologist

Career exploration information established by Clark Faculty and Staff.

Clark College does not discriminate on the basis of race, color, national origin, age, perceived or actual physical or mental disability, pregnancy, genetic information, sex, sexual orientation, gender identity, marital status, creed, religion, honorably discharged veteran or military status, or use of a trained guide dog or service animal in its programs and activities, in accordance with state and federal laws. The responsibility for and the protection of this commitment extends to students, faculty, administration, staff, contractors and those who develop or participate in college programs. It encompasses every aspect of employment and every student and community activity. The following person has been designated to handle inquiries regarding nondiscrimination policies: Vice President of Diversity, Equity, and Inclusion, Gaiser Hall (GHL) 220, 360-992-2757, or 360-991-0901 (video phone).

Alternate format of this document is available upon request. Please contact Disability Support Services at 360-992-2314, or 360-991-0901 (video phone).
