- 2) Manual Drivetrains (clutch diagnosis and repair) – (*Limited Space*)

For more information on our services, please call 992-2223 between 7:30am and 3:30 pm. We hope to see you soon!

Small Print/Disclaimer stuff:

- We prefer vehicles that are less than 15 years old. Please note: we have the option to refuse service at any time if the vehicle does not meet our educational needs.
- Our labor rate is \$15/hour. All repairs are quoted, parts and labor, before work begins. We are not-for-profit services. The money charged for repairs covers some of our costs in teaching auto repair.
- All parts installed are purchased through Clark Auto Dept., and are charged at List Prices (note: this may vary from customer retail). We cannot install customer supplied parts. We will not perform performance upgrades. All parts installed will be stock equipment.
- Since students are limited to only a few hours of repair time per day, there is no guarantee of completion time.
