

## 2010-11 Career and Technical Student Follow-up

### Program with 3 or Fewer Respondents

#### Addiction Counselor

An annual follow-up of students in the Career and Technical programs has been completed each year since 2002 by the Office of Planning and Effectiveness. The purpose of the report is to collect student's feedback about the college and their specific career and technical program to support continuous improvement efforts. This survey is the only way to provide consistent data at the college and department level regarding student employment and wage ranges.

Only 2 students responded from your program. While this is not representative of the entire department or students thereof, the information we can provide without violating student anonymity may provide indicators of what to look at more carefully for program review and outcomes assessment activities.

Current Employment			
Status	Position title / description	City	State
Graduate	Clerical/Research Assistant	Vancouver	WA
Graduate	Lab Assistant	Vancouver	WA

How well do you feel your education at Clark College prepared you for employment in the field of your choice?

Employed in Field	
# of respondents	Response
2	NA

In what way do you feel Clark College did not prepare you for employment?

In what way do you feel Clark College did not prepare you to meet industry standards?

#### What additional skills would have been helpful for you to learn in your program?

- The Addictions Counseling program adequately prepared me for work in this field; however, one must travel away from the area to in most cases to obtain work.

#### Anything else you'd like to tell us?

- Clark provided a wonderful foundation for my current educational pursuits, and I am grateful in particular to all of the professors in the addictions counseling program for their demand of excellence from their students.
- Still attending Clark, will transfer to WSU
