Joining a Zoom Workshop

When using a smartphone or tablet you will need to download the Zoom mobile app. If you are planning to use your computer you will need an internet connection and built-in, USB, or wireless speakers/microphone. Each workshop will have a unique meeting ID that will connect you. It will be important to begin the log in process a few minutes prior to the beginning of the workshop and plan to be present for the full length of the workshop to participate fully.

For more information on joining a Zoom meeting please use the following link:
