If you prefer to use your computer audio then click Join with Computer Audio. If you prefer phone as your audio method you can choose that and this next page will pop up and prompt you to enter numbers to identify your meeting. See the example below:

You can review what the staff member is showing you.

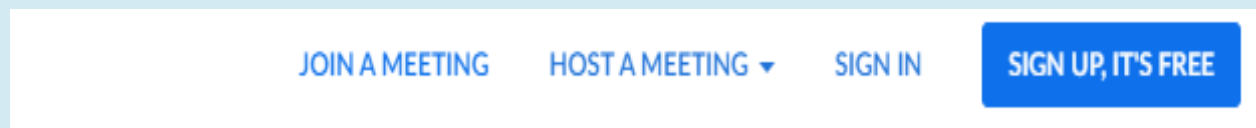

Or

If the Zoom link does not work, use the following alternative instructions:

- 1) Visit zoom.us
- 2) Top right corner select Join A Meeting, you do not have to sign up from a computer unless you choose to.

- 3) Type in the Meeting ID you received for the workshop. We suggest you do this early to check your system requirements and do any set up that may be needed on your end before the workshop begins. Plan to be present for the entirety of the workshop.

Here are some helpful things to know from Zoom themselves:

[What is Zoom?](#)

Zoom is a web-based meeting tool (like Skype) that allows us to connect when we can't meet in person. Zoom meetings can be accessed through your mobile device, tablet, or desktop computer.

[How to Participate?](#)

Let us know you want to meet via Zoom. If you will use your phone or tablet to join, you'll need to download the Zoom mobile app (available for Android or iOS) in the App Store or Google Play.
