

Nutter teams with Clark

Vancouver's Nutter Corp. is teaming up with Clark College to bring supervisory skills training to 30 Nutter field construction workers this month. Nutter is one of the area's leading road, utilities and excavation construction companies. Clark's Corporate Education Department will bring the training to the company's offices at 7211 N.E. 43rd Ave.

An afternoon session will be followed by three others this year.
