## **Clark College gets grant to train high-tech workers**

Workers from six local technology manufacturers stand to gain customized training through a \$95,000 state grant secured by the Workforce Development & Continuing Education program at Clark College.

Geared toward high-tech manufacturers, the program will offer more than 200 hours of training for up to 60 managers, supervisors, engineers, production workers and support staff. Participating companies are Tensolite, nLight Photonics, WaferTech, Panasonic, Saint-Gobain Crystals and Silicon Forest.
