Clark College wins grant for caregiver training program

Clark College has been selected as one of 15 colleges nationwide to receive a \$20,000 grant from the MetLife Foundation for the college's caregiver training program. The grants are part of a MetLife program, Caregiving Project for Older Americans, intended to address the growing shortage of trained caregivers for older Americans. Clark College expects to use the money to create a home-based caregiver training program with online learning models.
