# CLARK COLLEGE Commencement Ceremony

June 16, 2022

# Class of 2022, congratulations on completing the requirements for your programs of study.

You are graduating with your degrees and certificates during much change and many uncertainties. As you know, the past two and a half years have been anything but ordinary. However, your perseverance and determination to achieve this goal during these unusual times have elevated your success from ordinary to extraordinary. You should indeed be proud of what you have accomplished; I sure am.

You now have an opportunity to take what you have learned here at Clark and about yourself and apply it to the next leg of your journey. You are joining a distinguished group of Clark College Alumni who have gone on to do great work and provide meaningful service to our community and abroad. I encourage you to recognize and harness your strength and ability and walk into your future with your head held high and confident that you can achieve many things. And, as Oprah Winfrey suggests, "Let excellence be your brand."

Please know that you will forever remain a member of the Penguin Nation. You are always welcome here at the college. You will always belong—once a Penguin, always a Penguin.

So, on behalf of the entire Clark College staff and faculty, congratulations and best wishes for continued success.

Dr. Karin Edwards

President Clark College

# Tonight's Schedule of Events

## PROCESSIONAL

Welcome to Clark's alumni family!

# Employee Awards

## EXCEPTIONAL CLARK COLLEGE ADMINISTRATIVE-EXEMPT AWARD

Honoring administrative-exempt employees who contribute in significant ways toward building a positive climate, inclusive environment, and improvement of the quality of life at Clark College.

# Mike See, Director of Safety and Security

Mike See joined Clark College in November 2016 as its emergency manager. He was named Interim Director of Safety and Security in September 2017 and was named permanently to the position in December of that year. A retired captain with the Las Vegas Metropolitan Police Department, See brings to Clark College extensive experience in law enforcement, institutional safety, and emergency management.

See's nominators said, "His approach helps to build bridges around campus, and helps to break down silos. It makes people feel like their work and department matter to more than just their little piece of the pie. That helps to breed pride in work and helps people to take ownership of their work product.

"Mike is open to doing whatever he needs to do to make the college work better. I have rarely met an employee at any level of the college in my 24 years who is more dedicated to making this a better place to be for students, faculty, staff, and visitors."

# EXCEPTIONAL CLASSIFIED STAFF AWARDS

Honoring Classified staff employees for their exemplary work performance, outstanding service to the college, a positive and cooperative spirit, and/or special achievements or contributions to the college.

# Jordan De Van, Program Specialist, Enrollment Services

"Jordan has one of the strongest senses of customer service and how it should be demonstrated. She not only responds quickly to inquiries from students and other departments, she responds happily despite her busy workload."

"Jordan is always helpful and understanding when assisting others outside of her department. Instead of rushing through issues that arise with tracking student grades in the database system, she takes the time to investigate and assists instructors to better prepare them if the issue were to arise again in the future."

"Jordan's knowledge, expertise, and sense of humor always makes working with her a pleasure."

"She assists each individual in a way that they can understand the steps of the process and provides them with direction that helps them along further in the process—all with a smile on her face."

# Damon Grady, Campus Security Sergeant, Security and Safety Services

Damon Grady has been with Clark College's Security and Safety Department since 1997. He served as a Campus Security Officer for 20 years before being promoted to the sergeant's rank in January of 2018.

"He frequently takes after-hours calls and adjusts his shifts so that his people get the support they need. Managing the schedule for 17 people, half of whom are part-time, to provide 24-hour coverage is a difficult and complicated endeavor."

"Damon has gone beyond his role. When he noticed the decrease in on-campus staff presences, he purposefully expanded his knowledge on all the student-facing services and learned how they work to best support Clark students so he would be prepared to answer students' questions during the COVID-19 pandemic."

"Damon works closely with his subordinates to ensure they have the training and guidance necessary to be successful in their respective roles."

"Damon responded to a medical call that involved a person with a life-threatening injury. He was quick to respond while properly assessing the situation and keeping those involved safe and calm until EMS arrived."

#### EXCEPTIONAL FACULTY AWARDS

Recognizing faculty members for their exemplary work performance, positive impact on students, professional commitment, and other contributions to the college.

# Kathrine Anastasi, Libraries

"Katy has been aware of the needs and circumstances that surround incarcerated individuals and goes above and beyond to develop and create material for the students that meet their differences where they are at."

"She goes out of her way to educate herself on prison life so that she can best create a library that meets their needs. The books she gathered also highlight voices from different backgrounds, which students appreciated."

"She is a pleasure to work with and her impact will be lasting at Larch. This library resource is a game changer for our students."

"Katy presented at the AZ OER (Arizona Open Educational Resources) conference in March and asked me to present with her to represent the high need for OERs in corrections education. She is also designing a thoughtful, rigorous, but engaging and fun how-to research course for our students."

# Dr. Amy Castellano, Phlebotomy

- "She was so supportive and helpful to me, that was so important to me and truly helped me to respect her all the more."
- "I appreciated that she always checked in with us about how we were doing with things and made sure that we always understood the topic before moving on."
- "She really helped me to feel confident in what I was learning and doing. Never made me feel less and always helped above and beyond what was expected of her."
- "Very respectful. She makes sure everyone is treated fairly and always made sure we knew that if we had an issue we could come to her no questions asked."

# Steven Clark, Biology

- "Mr. Clark had a profound impact on me because he taught me how to be bold. He goes out of his way to provide support in every way that he possibly can."
- "Mr. Clark has made a personal positive impact on me through his love for biology. He also always willing to listen, whether it be a story that relates to the coursework or just an ear to listen to...You can tell he is often open to learning from students as well."
- "Science was always difficult for me, but Mr. Clark makes it easy to understand. He made me love science when it was my hardest subject."
- "He listens to what the students have to say and is open to suggestions and critiques. He will make sure to acknowledge what you have done well and try to find something every student has done well in every day."

# Erielle Lamb, Survey & Geomatics

- "I have never felt so empowered after making a mistake because of her supportive attitude and graceful instruction. My confidence has surged from her teaching and my understanding of surveying."
- "She is a very engaging teacher who made the classroom a lively atmosphere while we did complicated calculations together. She makes math FUN and is an awesome guide to understanding the nuances of land surveying."
- "She also had amazing stories and situations to talk about while teaching that made the course feel so real."
- "Prof. Lamb made me want to be a surveyor more than I already did."

# Luanne Lundberg, Career & Academic Prep

"She's the reason I haven't given up on math and I enjoyed math. She made it where I can understand math better with my learning disability and she had a lot of patience with me when I was confused. She interacted well with everyone in the class and brought joy to me when I doubted myself in math".

- "She started me on a path that would change everything about who I am, break me out of poverty, and most importantly, change what I believed I could become, and even who I was...[she] gave me the space and the adaptations to prove myself wrong."
- "She offers advice, shares student-focused, collaborative lessons, and keeps what is best for the student in mind."
- "Luanne has been instrumental in developing a pathway from CAP to MTH in 2016. She was a co-leader in the collaboration with the math department to develop outcomes and curriculum and kept us student focused. The impact of Luanne's work extends beyond the individuals she has in class but also impacts the students of her colleagues."

# Gail Robinson, English

- "Professor Gail really puts her students first. She takes notes on what we say and reflects to us later, stays late after every class to talk with anyone about anything, and holds extra zoom help sessions for 1-on-1 help."
- "Gail's help and feedback on multiple essays and drafts was the key element in raising my selfconfidence because each draft she helped me see room to grow."
- "She always asked us for permission if we were okay with going forward, or if we had any problems with her decision."
- "Her feedback was always specific, concrete, and it let me feel supported in my growth in writing. She would analyze and be encouraging."

# LORA WHITFIELD SOCIAL EQUITY AWARDS

Awarded to a member of the Clark College community who has demonstrated a sustained commitment to advancing equity, in memory of Early Childhood Education professor and Clark College alumna Lora Whitfield.

# Hanan Al-Zubaidy

Hanan Al-Zubaidy served as Director of Clark College at Larch Corrections Center. She is currently the Corrections Education Program Administrator at the Washington State Board for Community and Technical Colleges.

"In winter of 2021, when COVID ran rampant through Larch Corrections Center, Hanan prioritized accommodating our students through the outbreak, if faculty felt comfortable entering, and worked with Department of Corrections administration to provide learning materials to eager students, rather than making them wait. Students were able to graduate during a month-long lockdown as a direct result of Hanan going above and beyond to manage a student-centered approach in even the most challenging and stressful of circumstances. We have watched Hanan overcome the misogyny, racism, and ignorance that exists within the ranks of the DOC, and she rose anyway from graduate student intern, to Reentry Navigator, to Director."

# Kushlani de Soyza

Kushlani de Soyza joined Clark College as a tenured professor of women's studies in 2013.

"Kushlani is committed to ensuring her students feel safe in class and at Clark in general. For example, as the college periodically suggests changes that will impact instruction—[such as] how, what, and where we teach—Kushlani doesn't shy away from standing up for her students by emphasizing that their needs are paramount and that changes that impact our ability to serve students from marginalized groups should be made cautiously."

# THE CELEBRATION DOESN'T END HERE

#### **Photos**

Professional photos will be posted on gradimages.com by June 30. On the Grad Images homepage enter your last name, Clark College (school) and 2022 (year) and click "Find My Photos." If you have any difficulties please contact Grad Images at 800-261-2576 or click the "Live Chat" button on their website.

# **Share Your Story**

Tag us on Facebook, Instagram, Twitter, or LinkedIn with #clarkcollege so we can all share in your celebration. We can't wait to hear how you got here, and what's next for you!

# **Congratulations Penguins!**

# Academic Honors

Students graduating in an Associate in Arts, Associate in Fine Arts, Associate in Science, or Associate in Applied Science degree program with a cumulative college level Grade Point Average (GPA) of 3.90 or higher will graduate "with high honors." Students completing an Associate in Arts, Associate in Fine Arts, Associate in Science, or an Associate in Applied Science degree with a 3.40 to 3.89 cumulative college level GPA will graduate "with honors."

```
‡ with high honors (gold tassel)† with honors (crimson tassel)◊ with merit (silver tassel)
```

# Academic Regalia

Academic dress, like judicial dress, probably had its beginnings from an ecclesiastic origin. Over the centuries, British and Commonwealth universities have retained the earlier custom in which holders of doctorate degrees wear scarlet gowns and round bonnets. In the United States, the trend has been to more subdued dress.

#### Hoops

The academic hood is normally worn by holders of master's and doctorate degrees, but can also be worn by those with a bachelor's degree. The colors seen on that part of the hood which fits around the neck represent the person's major academic discipline. For instance, the School of Education is represented by light blue, Engineering—orange, Arts, Letters, Humanities—white, Music—pink, Physical Education—sage green, Science—golden yellow, and Business—drab. That part of the hood which hangs across the back and between the shoulders is lined with the official color or colors of the college conferring the degree. Examples include University of Washington—purple and gold, Washington State University—crimson and grey, University of Oregon—green and gold, and Oregon State University—orange and black.

#### Gowns

Clark College graduating students wear gowns of light blue (for high school diplomas or equivalents), royal blue (for associate degrees and certificates), or white (for bachelor's degrees). Administrators, faculty and staff who hold an associate, bachelor's or master's degree wear black gowns without trim. Those with a doctorate degree also wear black, but have distinctive velvet facings down the front of the gown and three horizontal velvet bars on each sleeve. The trim is usually black, but can also be worn in the color reflective of the academic discipline.

# Academic Regalia (continued)

#### CAPS

The most common cap worn in the United States is the mortar board, named for its flat top. A tassel is fastened at the middle point of the cap, and worn on the right. The tassel is moved from right to left upon the conferring of the degree. Clark College graduating students wear a silver and royal-blue tassel signifying the school colors. Those who are graduating † wear an additional tassel in the corresponding color of their honor status (see "Academic Honors," above). Administrators, faculty and staff generally wear black tassels, with the exception of the gold tassel worn by holders of a doctorate degree.

# Optional Regalia

Clark College has a tradition of decorated caps, celebration leis, stoles, and cords. These items celebrate the achievement of the degree as well as the diverse backgrounds and identities our students hold.

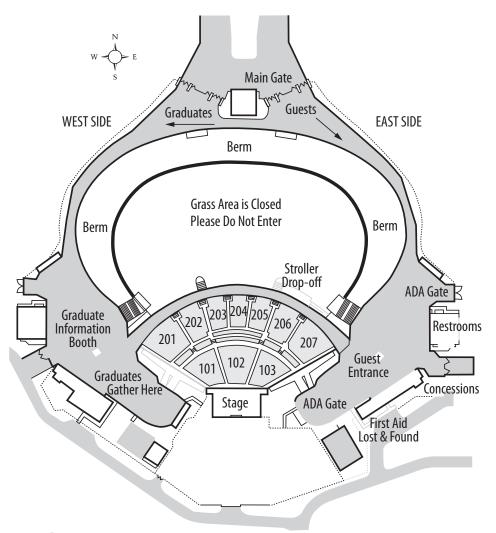

#### Stoles

Stoles have become important additions to the commencement tradition and are sometimes handed down to family members to celebrate the multi-generational achievement of educational attainment.

Some stoles you will see tonight are: Serape stoles for students who identify as Hispanic or Latina/o/e/x (dark blue with gradient bright colors and white fringe), Rainbow stoles for students who identify as Queer (dark blue with pride flag rainbow stripes—have become synonymous with pride, diversity, and liberation), Kente stoles for students who identify as Black or African/American (woven pattern with gold = status/serenity, yellow = fertility, green = renewal, blue = pure spirit/harmony, red = passion, black = union with ancestors/spiritual awareness), Multicultural for students who identify as multicultural or bi/multiracial (black background with red, green, white, and yellow stripes and black fringe), stoles for International students (white with a symbol at the bottom representing country of origin), Phi Theta Kappa (PTK) stoles (gold with the PTK symbol at the bottom), and white stoles with ASCC embroidery to honor our student government leaders.

#### Cords

Cords are another optional addition to academic regalia. Some cords you may see tonight are: Veteran students (a red, white, and blue cord), students with disabilities (purple cord), and in addition to the tassel, some honors student chose to wear a gold cord for high honors and a crimson cord for honors.

#### REMINDERS

- The WEST doors and plaza are closed. All guests must use the EAST doors for entry and exit of the facility.
- \* Smoking is not allowed inside the facility. You may smoke in the EAST plaza area.
- \* All aisles must remain clear at all times to comply with fire marshal regulations.
- \* Photographs may be taken but guests must remain in their seats to do so.
- Strollers are not allowed on the floor of the facility. Guests may leave their strollers in the designated area behind section 205/206.
- Lost children and articles will be taken to the lost and found/first aid room located in the EAST plaza.
- Concessions stands will be open from 5 p.m. until 15 minutes after the ceremony ends.
- ADA assistance is available. Guests needing assistance to the entry gates should congregate in the designated location in the east plaza.

# Clark College Vision

Clark College inspires learners to excel, transforms lives, and strengthens our increasingly diverse community.

# Clark College Mission

Clark College, in service to the community, guides individuals to achieve their educational and professional goals.
