Spanish 100 Emphasis* - Associate in Arts Degree

**This emphasis area is connected to the International Studies Concentration – see your advisor*

Area of Study: Creative and Communication Arts

Spanish is the second-most spoken language in the United States. More than 40 million people in the United States speak Spanish and 25 countries in the world speak Spanish as either official or primary language. At Clark College, classes are held mostly in Spanish from day one, ensuring students develop real-world proficiency and comfort with conversational skills. Students also learn about the diversity of cultures within the Spanish-speaking world, gaining perspective that can help them with intercultural communication in our increasingly global environment. Spanish has an academic concentration option (International Studies) and students interested in pursuing this program should consult with an academic advisor.

> Free [Tutoring Services](#) are available to support you throughout your degree completion.
