

Welding Open House

Enjoy artistry and creativity? Looking for a career that leads to a high-wage, high-demand field? Thinking about self-employment? It's time to consider a career in Welding!

Come learn about the Welding industry and get a hands-on tour of our Welding Facility. We'll have several live demos, including our

- Welding Robot
- VR Welder
- CNC Plasma Cutter
- Press brake
- And more!

You'll also be able to check out student projects currently in progress and meet our Welding Technology Instructors.
