The Services and Activities Fees accounts shall be used exclusively to account for the resources and functions associated with the various student programs and activities for the benefit of the entire student body. Separate accounts shall be kept for each program and activity.

ARTICLE 3 – FUND MANAGEMENT

SECTION 1. OBJECTIVE

The Associated Students of Clark College raise and expend funds to promote the general welfare and morale of the students. The activities and programs supported by these expenditures provide a meaningful variety of healthful, educational, cultural, and social learning experiences allowing for the presentation of a broad spectrum of ideas.

SECTION 2. USE OF FUNDS*

Monies in S&A Fee accounts must be used as provided by law, rule, or regulation of the Board of Trustees for the express purpose of funding student programs and activities of the College. S&A Fee monies cannot be obligated by anybody other than the ASCC S&A Fee Committee and the ASCC Student Government Budget Committee.

Funding shall be authorized and approved consistent with this Financial Code. The following examples have been determined to be appropriate uses of S&A fees, if they are approved as bona fide student activities by the Board of Trustees through the budget approval process:

1. Traditional and time-honored activities such as student government, clubs, or activities of other official student organizations, student health and wellness programs, retreats, conferences, musical, dramatic, artistic, debate, and other presentations, events, and activities of an extracurricular nature, student publications and other mass media initiatives. Permissible expenses may include meals and lodging during group travel. These costs may be paid in return for participation.
2. Equipment, supplies, and materials required for the operation of student programs and activities.
3. Costs associated with childcare centers for the children of students.
4. Awards in the form of trophies, certificates, plaques, attire, etc. may be provided to students who have served or are serving as members of athletic teams, student leadership teams, cheer leaders, outstanding scholars, outstanding participants in drama, debate, student government, and others who have earned them, provided that they are a result of participation, are personal in nature, and are of nominal value.
5. Support for college employees in student programs operations. S&A Fees may be used only to the extent that they support employees engaged in student activities and programs, as opposed to normal maintenance and operation functions of the College.
6. Dues for institutional memberships in recognized student leadership, governmental or programming organizations.
7. Premiums for liability and casualty insurance coverage for the college for actions taken by students serving in official student program capacities or participating in such activities and programs.
8. Food and refreshments for student attendees at approved student programs as incidental thereof. Examples include graduation ceremonies, vocational certificate awards programs, scholarship convocations or receptions, student activity or club meetings, student awards, student work sessions, new student orientations, honor society initiations, scholarship donors' receptions, etc.
9. Special tutorial or co-curricular programs, provided they are not to sustain a critical operation of the college.
10. A legal aid program that provides services to individual students, provided that the program is not used to institute legal action against the college.
11. Furniture and equipment for informal or non-instructional student spaces as approved by the Associated Students of Clark College Student Government.
12. Partial subsidization of a student food bank or food pantry operations, provided that the food bank benefits are reserved for students.

13. Scholarships. RCW 28B.10.825 expressly provides for a limited amount of S&A fees (\$1.00 per student per quarter) to be used for an institutional student loan fund for needy students. RCW 28B.10.703 and 704 specify. Non-S&A sources for scholarships for athletic and curriculum related activities.

SECTION 3. LIMITATIONS*

The following are some example of inappropriate S&A Fee expenditures either because they involve “gifting” or because they are not “student activities”:

1. Salaries of professional employees in teaching, administrative or clerical positions are not related to the student programs’ operations.
2. Curriculum development activities or other personnel, facilities, equipment, and maintenance are considered part of the fundamental educational objective of, and basic services provided by the College.
3. Programs, personnel, facilities, equipment, and maintenance covered within the State Board allocation model, supported by existing contracts, or considered basic services provided by the college.
4. Free meals and/or lodging for anyone without consideration and with a donative intent.
5. Gifts of appreciation or concern for anyone (farewell gifts, flowers for bereavement, etc.) unless in return for participation or as an award for which one has competed and won.
6. Tips or gratuities for services rendered by anyone unless authorized by the Office of Financial Management.
7. Meals, lodging, coffee hours, receptions, or teas for a guest entertainer, lecturer, etc., unless required by the contract made for their services.
8. Promotional hosting. Promotional hosting entails offering gifts to others in hopes of attracting their business or favorable public relations. For example, paying for complimentary tickets or admissions as a gift or for refreshments for prospective students at an event intended to bring potential students to campus to learn about educational offerings of the college.
9. Food or refreshments purchased by a student group without approval.

**Use of funds and limitations guidelines were developed using the Guidelines for Permissible Use of Services and Activities Fees (October 2018, commonly known as the Killian Outline).*

However, if funding allows for additional people at a lower or equal per-person cost, this would be allowable.

Unused Funding Request monies will revert to the Fund Balance upon completion of activity payment processing.

SECTION 2. APPROPRIATION

All Funding Requests must be submitted as indicated on the form and by the specified deadline. Funding requests will be evaluated with college processing timelines in mind and will not be reviewed if submitted with insufficient time to process. Processing may take anywhere from 2-8 weeks depending on the complexity of the request.

If the request is complete, it will be placed on the first available Student Government Budget Committee agenda. The requestor will be notified of the review date and can attend the meeting. If the request is incomplete, it will be denied.

If approved by the ASCC Student Government Budget Committee, the requestor will be notified and the request will be forwarded to the appropriate approvers, based on funding request amount, for review and final approval.

In the event a Funding Request is made by ASCC Student Government, it will be submitted to the S&A Fee Committee for review and approval. In the event the ASCC Student Government does not have quorum, Funding Requests may be reviewed and voted on by the Services and Activities Fee Committee.

SECTION 3. APPEAL PROCESS

If the requested amount is altered or denied by the ASCC Student Government Budget Committee prior to approval by all needed approvers, the requestor has the right to appeal the decision and/or submit an amended proposal. Upon submission of the appeal, the ASCC Student Government Budget Committee will review the request and make a final decision. This reserve is set aside for the costs of disaster recovery related to items originally funded with S&A fees and for unexpected downturns in revenue resulting in less than expected S&A fee revenue. Approval to authorize the use of funds from the reserve, limited to one fiscal year at a time, must be granted by the S&A Fee Committee, the Vice President of Student Affairs, and the Vice President of Operations. Unless additional action is taken by the S&A Fee Committee, the reserve will return to 10% the following fiscal year. Discretionary fund balances, the balance remaining after removing Dedicated Fund balances and the required reserve, are not available to fund ongoing S&A program needs.

Reserves and fund balance levels will be reported each month to the Board through the ASCC Board report.

ARTICLE 9 - CONTRACTS

SECTION 1. RESPONSIBILITY

Prior approval for contractual agreements pertaining to chartered clubs, and programs and activities must be obtained from the Director of Student Life and/or designer before submitting materials for approval. Groups found in violation will be suspended. The Director of Student Life and the ASCC Finance Director, in consultation with college administration, will draft a plan of compliance. Suspended clubs and programs shall not be eligible to receive services and activities fee budget subsidization, use space, or conduct any business in the name of the ASCC until the plan of compliance is met and approved.

After the plan of compliance has been met and approved, suspended clubs and programs may seek recognition as an ASCC Club. In order to regain recognition as an ASCC Program, all groups must meet the criteria outlined in the ASCC Bylaws Article VII, Section 1.

ARTICLE 13 - AMENDMENT PROCEDURES
