Black & White Photography Open Lab

Instructor: Noelle Antignano

E-Mail: nantignano@clark.edu

Course Description:

The Black & White Photography Open Lab is an open studio format course designed for students with some previous experience developing film and printing in the darkroom. Each week there will be a short lecture or demo on advanced printing or developing techniques. Support and guidance for students with individual questions or projects will be provided.

Learning Outcomes:

As a result of taking this course, students will:

- Confidently use darkroom tools, materials, and equipment.
- Improve skills to successfully develop and print analogue black and white photographs.
- Ability to apply technical skills to a personal photography practice.

Class Evaluation: Class evaluations are sent by email. Sometimes the email will be delivered to your “junk mail,” but we can assure you it’s from Clark College only. Your responses are completely anonymous. If you do not see your evaluation immediately after class, look in your junk mail and send it to your email address. If you do not receive an evaluation, please email Continuingeducation@clark.edu or call 360.992.2939.

Inclement Weather:

If the College cancels due to icy conditions, you can find this on the college website www.clark.edu. If Community Education concludes that the weather is too hazardous, we may also decide to cancel this class. In that case you will receive both a phone call and email. Make certain that we have your correct contact information by viewing the class roster.
