

CLARK COLLEGE

RUNNING START

You are invited to attend an
INFORMATION SESSION

WHAT IS RUNNING START?

Running Start is available to students who are juniors or seniors enrolled in a public high school and allows them to earn college credit along with non-running start students. Students experience engaged faculty on a welcoming college campus while they fulfill their high school graduation requirements.

Some Running Start students are so motivated that they earn their associate degree from Clark at the same time that they earn their high school diploma, reducing the cost and time to obtain further college degrees.

WHY ATTEND AN INFO SESSION?

These optional information sessions are for students and their families who want to know more about beginning the program. You'll hear current Running Start students describe their experiences in the program and learn about eligibility criteria, deadlines, and more.

All sessions will be presented in English, with close captioning and live Russian and Spanish language interpreting.

WHAT DOES IT COST?

Running Start students (part-time or full-time) pay for books, transportation, and some fees but not tuition. Fees are subject to change by the Washington State Legislature, and a fee waiver is available for those demonstrating financial need.
