

Non-Transfer Pathway

Math Placement and Progression based on placement scores

Mathematics Courses

NOTE: Students must pass each course with a “C” grade or better to be eligible for the next sequential class.

- * Successful completion of CAP 042 also allows entry into: NTEC 103, CAP 46
- ** or requires eligibility for MATH 92
- *** or requires eligibility for MATH 96

Which Math class is right for me?

MA 103 Math for Medical Assistants: Medical Assistant.

BUS 102 Business Math Applications: Business non-transfer program pathways (Accounting, Business Administration, Marketing, and Supervisory Management)

PTCS 110 Professional Technical Computational Skills: Automotive, Computer Support, Diesel Technologies, Mechatronics, Network Technologies, Digital Media Arts, Welding Technologies, Web Development.

NOTE: For students interested in pursuing our Bachelors of Applied Science (BAS) options (BAS - Applied Management and BAS - Dental Hygiene) consider completing **MATH&146: Introduction to Statistics**. To be eligible to complete this course, students need to have successfully completed MATH 096 or 095, and/or be eligible for 100-level Math at Clark College. (For example: complete MATH 092->MATH 096->MATH&146 OR complete MATH 090->MATH 095->MATH&146)
