THE FOLLOWING QUESTIONS APPLY TO YOU OR YOUR PARENT WHO INDICATED A MARRIED STATUS ON YOUR AID APPLICATION: Spouses are only considered separated if they physically dwell in two separate domiciles. Since separations may or may not be permanent, we must have a response from you to these questions before we will offer you financial aid. We require any documentation from you that exists. The documentation might include statements from your spouse, legal document or other appropriate information.

**1. On what date did you become separated from your spouse? Why do you consider it a “separation”?**
