Colleagues,

We are moving closer to GoLive with the primary ctcLink technology solution – PeopleSoft – on October 28—in 81 days! In this email, I am going to provide a kudo as well as an update about training opportunities.

KUDOS
Thank you to the **Credentials** staff! Last week they worked with a team from the Washington State Board for Community and Technical Colleges (SBCTC) ctcLink project to build the rules that allow us to transfer in courses from other institutions into the PeopleSoft database. When we GoLive, we expect to have over 7,000 transfer-in courses set up in the PeopleSoft databases. This work allows staff to accept electronic and paper transcripts from schools and process them quickly for students.

TRAINING OPPORTUNITIES
Please join us for Teaching and Learning Days to learn more about the myClark ctcLink training opportunities. Here are the three sessions I strongly encourage you to attend:
- August 13 from 1:00 – 2:00 p.m. in Hanna Hall 120: ctcLink NEW Orientation Introducing "Fluid"
- August 13 from 1:00 – 2:00 p.m. in Gaiser Hall 213: What to Expect in PeopleSoft – Student Focus
- August 14 from 11:00 a.m. to 12:00 p.m. in the Student Center: Keynote: What to Expect with MyClark ctcLink

The SBCTC is the process of finalizing the training plans and materials for end-user training in PeopleSoft. (Many of the primary users are receiving training in User Acceptance Testing.) There is much more information about training to come and you will receive some of it next week at Teaching and Learning Days. Most of the end-user training will be available online and many will be offered as a self-paced course. As of today, listed below are the major training categories, schedule, and number of sessions for end-user training. I have included the number of unique training sessions just to put into context the amount of training time required for some of our colleagues. More to come about this in the next few weeks!

Category of Training	Dates (excluding self-paced courses)	Approximate Number of Different Training Sessions (including self-paced courses)
Campus Solutions Core	September 5 – October 17, 2019	17
Financial Aid	September 3 – October 16, 2019	9
Student Financials	September 3 – October 7, 2019	7
Finance	September 4 – October 16, 2019	21
Human Capital Management	September 3 – October 22, 2019	10

As always, I am humbled to work with so many colleagues who go above and beyond to make both the employee and student experience so much better! Thank you, myClark ctcLink teams!

Shanda Haluapo

Associate Vice President of Planning and Effectiveness
Clark College
