

Dear Student,

**The new and improved myClark will be available October 31, 2019!**

The myClark improvements will make the way you access your Clark information more user-friendly, more comprehensive, and more connected to the college community, such as registering for classes and see your progress toward completing your degree.

Please be aware that you will not be able to access your student records online in myClark from October 18 through October 31. These records include information about student accounts, balances, class registration, enrollment, and transcripts. If you need this information, please access it online before October 18 or in person in Gaiser Hall. You will still have full access to your coursework in Canvas—**Canvas will NOT be interrupted due to the myClark upgrade.**

**What to Expect as myClark Transforms:**

- Change your student information (online or in-person) by Thursday, October 17.
- myClark will not be available from Friday, October 18 until Thursday, October 31.
- Learn how to access your new and improved myClark by going to [www.clark.edu/faculty-staff/ctclink/student.php](http://www.clark.edu/faculty-staff/ctclink/student.php).
- Access the new and improved myClark on Thursday, October 31.
- Check your new myClark web portal for your Winter term enrollment date, after November 8.
- Priority registration begins in the new and improved myClark on Tuesday, November 12.

Please let us know if you have any questions regarding myClark by emailing them to [ctcLink@clark.edu](mailto:ctcLink@clark.edu). Look for next week's email with further information!

Thank you,

Shanda Haluapo, Associate Vice President of Planning and Effectiveness  
and the **myClark ctcLink Steering Team**
