

Clark College to hold its own day

Another Children's Dental Health Day is scheduled for Sat., Feb. 5. The clinic runs from 7:30 a.m.-4:30 p.m. at Clark College Dental Hygiene Clinic, 1933 Fort Vancouver Way, Vancouver.

Low-income children ages 2-19 in Clark and Skamania counties without dental insurance are eligible for X-rays, sealants, fluoride treatment, fillings and extractions. Cleanings are not provided. Children will be seen by appointment only. To schedule an appointment, call (360) 397-8000 ext. 7371.

Volunteers will provide parents with oral health information and they will also offer assistance with other children's health programs.

The annual event is in its fifth year and typically serves about 300 children. Last year, 230 volunteers, including dentists and other oral health professionals, served 310 patients, providing dental services valued at nearly \$104,000.

Services are donated by Clark College, Clark County Dental Society, Clark County Public Health, Free Clinic of Southwest Washington, and Greater Southwest Washington Dental Hygiene Association. Funding is provided by Ronald McDonald House Charities and Washington Oral Health Foundation.
