

Central Park: The Southwest Washington Regional Science Olympiad took place on March 15 at Clark College. In the middle-school competition, 13 teams represented nine schools, and five will go to the state tournament on April 5 at Eastern Washington University. The five winners were ExCEL Academic League's alpha and beta teams, Jason Lee Middle School's black and red teams and Maple Grove Middle School's blue team. In the high-school division, 17 teams from 14 schools participated; six will advance to state: Camas High School's black team, the ExCEL Academic League team, Mountain View High School's blue team, Union High School's black team, Prairie High School, and Camas High's white team.
