

Making friends

When **Vasile Dedi** moved to Vancouver in February, one of his goals was to make new friends.

Dedi, a native of Moldova, went about achieving that goal by making a two-minute movie called "The LIFE."

The movie, as Dedi hoped, connected with people. "The LIFE" won the Film Your Issue MTV Audience Award. It also placed among 35 semifinalists in an international film competition that

Vasile Dedi

was launched at the United Nations.

Dedi, a student at Clark College, travels to Los Angeles later this week to accept his award.

The movie is about a young boy who learns difficult life lessons and wants to change the world.
